- Flue extension (120cm) – GEFE1202

### LED (Light Emitting Diode) Lighting

Baumatic canopy rangehoods feature LED lights which are renowned for their lower energy consumption, longevity and greater reliability. This is a superior light source with an operational life span of over 25,000 hours which is significantly greater than other forms of lighting.

### Extraction or Recirculating

All Baumatic Rangehoods are ready to operate as a ducted appliance. If for some reason you cannot duct your hood to atmosphere, a carbon filter/s can be purchased to fit to your hood, which will help eliminate odours and thus allow you to recirculate the air back into the kitchen.

## Baumatic, Appliance Chic

Baumatic is a universal brand expanding its passion for innovation and style to almost 50 countries world wide. Established in the UK in 1992, it brings many years of expertise in the kitchen appliance industry.

The essence of our strength is in quality products at affordable prices, whilst never compromising on safety & features. This success is made possible thanks to our global purchasing power and our universal affiliations.

At Baumatic we have put thought and passion into the finer details, to capture the beauty of the most elaborate kitchen designs. Baumatic, Appliance Chic.
