COMPACTS

At Baumatic we understand the importance of creating healthy and yet delicious meals for your family. Our combination steam and multifunction oven will do just that. Steam cooking has become the preferred method of cooking in many households, offering many benefits over traditional fan forced cooking. So get your taste buds ready for a juicy and mouth-watering experience.

A black wine cooler with its door open, revealing interior shelves and a digital display. The cooler is built into a light-colored countertop. The interior features several wooden shelves holding wine bottles. A digital display at the top shows the temperature set to 20°C. A red circular callout on the left lists features: Anti-Vibration Motor, 50-80% Humidity Control, and Front Ventilation. The door is open to the right, showing a glass panel with horizontal wooden slats.

**Anti-Vibration
Motor**

**50-80%
Humidity Control**

**Front
Ventilation**

A perfect finishing touch to any meal is a good wine, and the perfect finishing touch to any kitchen is a sleek and stylish wine cooler from Baumatic.

Our freestanding or inbuilt wine coolers are available in numerous sizes to cater for every serious wine lover and for all different kitchen layouts.

GET THE BEST FROM YOUR DISHWASHER

Dishwashers are one of the most used appliances in the kitchen today. They need to be able to do three things well for the best results, wash, dry and be quiet.

The new range of dishwashers available from Studio Solari have an advanced design that provides flexible space options giving you a great wash result even for those tricky items. You can even wash your long stem glasses with ease, even with large plate sizes in the bottom rack.

The advanced active fan drying system ensures a drying result that you would expect from a much more expensive dishwasher. The active fan draws the moist air out of the dishwasher to provide a gleaming result every time.

By using a new advanced more durable brushless motor, we now have quieter operation as low as 43dbA. This means your new Studio Solari dishwasher will be quietly and efficiently at work while you're enjoying time with the family.

Studio Solari, complete your kitchen with stylish elegance.

Handy Hint: A good quality dishwasher powder will give you a better result than a tablet.

WHY CHOOSE STUDIO SOLARI?

Baumatic Appliances have a proud history of being distributed in more than 40 countries worldwide for over 20 years.

At Baumatic we have put thought and passion into the finer details, to capture the beauty of the most elaborate kitchen designs. Our appliances have been crafted using state of the art technology to achieve premium quality and ease of operation. Using smart technology we have created kitchen appliances that will not only enhance the appearance of your kitchen but will enhance your style of living.

As well as utilising smart technology, Baumatic has also set the style standard with the Studio Solari collection. With the elegance of black optical glass, and the sophistication of a titanium finish, you will be sure to find the perfect ensemble for any modern kitchen.

Store details here;

A Three Year Warranty applies to all Studio Solari branded products.

A Two Year Warranty applies to all other products.
